

TRIBUTE TO GARY CRAIG

For more than a decade I have had the great, good fortune of being able to participate on the 'ground floor' of the EFT Palace of Possibilities. Gary threw the gates to the Palace open to the world and extended an invitation to everyone who wanted to learn and participate in relieving suffering to join in the EFT community. I am profoundly grateful that I was at the right place at the right time to have had the opportunity to be very proud member of that Community. The enormous scale of Gary's healing gifts is his truest monument. I'm looking forward to hearing from the Penthouse. Hugs to you my friend.
